WOOD'S NEW 1945 SPRING CATALOG

Our 1945 Spring Catalog will be mailed to our customers about January 15th to 20th. You should receive yours very shortly. If, however, you do not, advise us and we will mail same promptly.

Plan For Your Seed Requirements Early

There will be an unprecedented demand for Victory Garden Seeds, and we strongly suggest early orders to be sure and have them on hand for planting at the correct time, which is important for best results. This also applies to your Field Seeds, on which prices are quoted in this Crop Special.

Besides, rail transportation is unusually slow now, due to the war effort. Shipments generally reaching their destination in three or four days, are now often requiring from two to three weeks en-route. Besides, labor conditions are very acute, and all orders subject to slight delay in shipping.

WOOD'S SEEDS ARE TESTED

And we know that they will grow before they are sent out. Even then they occasionally do not come up, due to causes over which we have no control, such as covering too deeply or not deeply enough; too little or too much moisture, cold weather, insects, or a crust through which the sprouts cannot penetrate, etc.; therefore, T. W. Wood & Sons give no warranty, express or implied, as to the description (name and kind), productiveness or any other matter of any seeds, bulbs or plants we sell, and will not be in any way responsible for the crop. Our liability in all instances is limited to the purchase price of the seed.

WOOD'S GRAIN PASTURE MIXTURE

Furnishes more grazing in less time and at less cost than any other spring crop. The grains are balanced with legumes to provide protein for growth and warmth during cold weather. Sow it for grazing before grass and clover pastures are ready, or as a nurse crop when seeding permanent grass and clover pasture mixtures. Contains spring oats, barley, Canada field peas, hairy vetch, rape, rye grass and lespedeza. Sow at the rate of 100 lbs. per acre. F.O.B. Richmond, 100-lb. lots, 7c. lb.; 25 to 99-lb. lots, 7 1/2 c. lb.; 5 to 24-lb. lots, 9c. lb. Postpaid, 25 lbs. \$2.55; 10 lbs. \$1.25; 5 lbs. 70c.

WOOD'S GRAIN HAY MIXTURE

Makes a much heavier yield that is far more palatable and nutritious than oats or any other crop sown alone. It is a fine spring hay crop, easy to cure and relished by all livestock. It contains spring oats, Canada field peas, hairy vetch and lespedeza. Sow at the rate of 100 pounds per acre. F.O.B. Richmond, 100-lb. lots, 7c. lb.; 25 to 99-lb. lots, 7 1/2 c. lb.; 5 to 24-lb. lots, 9c. lb. Postpaid, 25 lbs. \$2.55; 10 lbs. \$1.25; 5 lbs. 70c.

WOOD'S HIGH-GRADE FEEDS

POULTRY--PIGEON--DOG

Special Notice About Poultry Food Bags

We were very fortunate in securing quite a large quantity of extra fine, close weave, special quality print cloth material with beautiful designs, for packing our mash feed. This is a much better quality than the standard dress print bags generally used. This extra fine cloth normally retailed for 39c. or 40c. per yard and there are approximately 1½ yards in our mash food bags. Our scratch feed is packed in regular standard dress print bags, not as fine quality as our mash, but desirable quality for home use.

Dog Foods

HUNT CLUB DOG FOOD was originally developed for the use of breeders and kennel owners who know the importance of proper feeding.

The chief ingredients of **Hunt Club** are beef and liver, making it equal to a two-thirds fresh meat diet. In addition, it contains 17 other ingredients in correct dietetic proportions to provide all the nutritive elements and vitamins necessary to keep a dog in perfect condition.

Now is the best time to cull your flock, weeding out the non-productive hens. We will be glad to send you a booklet "How to Cull Your Flock," free of charge, on request.

It is also time to place your order for Baby Chicks so you can get them on the shipping date wanted. If you sell eggs, we suggest ordering White Leghorns. If more interested in selling broilers, order Barred Rocks or New Hampshire Reds. For a combination of both or for home use, order New Hampshire Reds.

Chickens need a well balanced diet to make a healthy, vigorous growth. We manufacture daily in our plant in Richmond, a full line of feeds, using the best grains and ingredients by formulas developed by our 61 years' experience. You will be amazed at the increased growth and production by feeding chicks **Wood's Hollybrook Starting Mash** and **Chick Grains** until six or eight weeks' old, then feeding **Wood's Hollybrook Growing Mash** and **Developing Food** until grown, followed by **Wood's Hollybrook Laying Mash** and **Scratch Food**.
